

## For the Care of Facial Skin – 75 ml

Dear Users,

Our skin is the largest human organ and accomplishes many tasks. It protects from environmental influences and its protective acid mantle prevents the intrusion of pathogens. However, it is also a vital sensory organ – without it we would be unable to sense touch, warmth, cold and pain. Furthermore, it can be the “mirror of our soul”

The facial skin in particular is exposed to all environmental influences, sun and cold, and thus demands special nurture.

The **Mineral-Cream-Blend Ge** is ideal for the care of facial skin. The mineral combination is particularly suited to moisturise the skin and thus maintain elasticity.

Mineral	Characteristic
Potassium chloride	cleansing
Potassium phosphate	regenerating
Potassium sulphate	stimulates cell metabolism
Sodium chloride	moisturising
Silica	supports connective tissue

Nurture your stressed facial skin naturally, thanks to selected mineral substances and plant oils.

Joboba oil has a soothing and protective effect on the skin. Castor oil acts anti-inflammatory and antibacterial. It is not comedogenic.

### Administration

Apply the cream morning and night by gently massaging into the skin. Avoid the sensitive eye area, or alternatively gently tap the cream in this area.

### Ingredients:

Aqua (water), Aloe Barbadensis Leaf Juice, Persea Gratissima (avocado) Oil, Caprylic/Capric Triglyceride, Methyl Glucose Sesuistearate, Glyceryl Stearate, Ricinus Communis (castor) Seed Oil, Decyl Oleate, Cetearyl Alcohol, Phenoxyethanol, Panthenol, Xanthan Gum, Simmondsia Chinensis (jojoba) Seed Oil, Citrus Aurantium Dulcis (orange) Peel Oil, Limonene, Benzoic Acid, Alcohol, Dehydroacetic Acid, Lactose, Tocopherol, Ethylhexylglycerin, Ascorbyl Palmitate, Magnesium Sulphate, Citric Acid, Ascorbic Acid, Linalool, Hydrogenated Palm Glycerides Citrate, Mineral Salts, Potassium Chloride, Potassium Phosphate, Potassium Sulphate, Sodium Chloride, Silica

Contains ONLY natural and pharmaceutical grade elements and is 100% free of parabens and micro-plastics. It is produced in accordance with the German Pharmacopeia.

Our care products stand for a qualitative premium mineral care – no matter if used for the daily general skin care or the care of problem skin.

The range includes the following Mineral-Cream-Blends:

**A** for supportive skin care in case of **Acne**

**E** for supportive skin care in case of **Eczema**

**G** for supportive skin care in case of **Joint- and Muscle problems**

**Ge** for the use on **Facial Skin**

**N** for supportive skin care in case of **Neurodermatitis**

**V** for supportive skin care in case of **Vein problems**
